2018 Species Descriptions & Site Suitability

No.	Species	Mature Height	Description	Soils	Light	Uses
1	Black Cherry <i>Prunus serotina</i>	75'	Dense foliage, white flowers appear in May, yellow to red color in Fall, resistant to walnut toxicity.	WD	FS, PS	O,T, WC, WF
2	Hazel Nut <i>Corylus americana</i>	12'	Hardy shrub, can be trimmed and molded to the shape or space you prefer. Fast growing!	WA	FS, PS	HF, WF
3	Sawtooth Oak <i>Quercus acutissima</i>	60'	Fast growing, very attractive, rich gold russet combination in the Fall.	WD	FS, PS	WC, WF
4	Silver Maple <i>Acer saccharinum</i>	70'	Fast growing, yellowish brown combination in Fall.	WA	FS, PS	S
5	White Oak <i>Quercus alba</i>	85'	Wonderful shade tree, excellent wildlife food!	WA	FS, PS	S, WF
6	Emerald Arborvitae <i>Thuja occidentalis 'smaragd'</i>	12'	Bright green hue, very attractive as landscape accent, columnar shape.	TP	FS	H
7	Green Giant Arborvitae <i>Thuja plicata</i>	40'	Very attractive with dense, dark green foliage pyramidal shape	TP	FS	H
8	Blue Spruce <i>Picea pungens var. glauca</i>	75'	Stiff, silvery-blue green needles prickly to touch, "King of the Ornamentals", dense colorful screens.	AS	FS, PS	WC, WB, CT
9	Fraser Fir <i>Abies fraseri</i>	70'	Tall fir tree with short dark green needles with silver undersides. Compact, tree with pyramidal, shape and has long lasting aroma. Has soft needles and strong branches.	WD	FS, PS	CT, O
10	Norway Spruce <i>Picea abies</i>	80'	Graceful very attractive, drooping branches, resistant to walnut toxicity.	AS	FS, PS	CT, WB, WF, WC
11	White Cedar <i>Thuja occidentalis</i>	40'	Growth is pyramidal and well suited for windbreaks, good wetland plant.	AS, SW	FS, PS	WC, WF, H
12	White Pine <i>Pinus strobus L.</i>	80'	Soft long needles, frequently used for windbreaks.	WA	FS, PS	WC, WF, WB
13	Black Eyed Susan <i>Rudbeckia</i>	2'	Long bloom, low maintenance, and easy to grow.		FS, PS	WF, B
14	Geranium 'Johnson Blue'	18"	Long blooming time! Elegant blue blooms. Bloom time: May - August.	AS	FS, PS	GC, B, FC
15	Geranium 'Sanguineum'	18"	Wildflower - deep magenta-pink flowers w/fine fern-like green leaves. Bloom time: May - June. Absolutely no care, it just keeps blooming!	WD	FS	GC, SS
16	Hosta 'Dream Queen' <i>Funkia</i>	20"	Massive, thin blue-green leaves have an intense creamy-yellow center. Mature plants have puckered leaves. Blooms are white.	MS	S	B, O
17	Lily of the Valley <i>Convallaria</i>	6"	This spreading favorite, has tiny white bell-shaped fragrant flowers.	AS, MS	S	GC
18	Bartlett Pear Tree <i>Pyrus communis</i>	8'	Fast growing semi dwarf pear tree, adapts well to urban pollution, A large, heavy-bearing pear variety. Fruit ripens in late August. Don't need to have other trees for cross pollination.	WA	FS	HF, WF
19	Blueberries Northland <i>Vaccinium corymbosum</i>	6'	Flexible branches which won't break under heavy snow loads, adapts well in sub-zero climate. Flowers provide nectar for native bees, butterflies and other pollinators.	AS	FS, PS	HF, WF
20	Cortland Apple Tree <i>Malus 'Cortland'</i>	8'	Semi dwarf apple tree, early apple blossoms in April, fruit has light, tangy flavor, heavy producer mid Sept. Easy to grow!	WD	FS	HF, WF

No.	Species	Mature Height	Description	Soils	Light	Uses
21	Honeycrisp Apple Tree <i>Malus domestica</i>	8'	Semi dwarf apple tree, early Spring blooms of white to blush pink blossoms, sweet-tart, crisp, juicy flavor, delicious fruit. It's best to plant additional apple trees nearby to promote pollination! Harvest early September. Easy to grow!	WD	FS	HF, WF
22	Red Raspberries Heritage <i>Rubus ideaus 'heritage'</i>	6'	Ever bearing variety that produces two berry harvests during the growing season. Luscious juice and sweet fruit, high yield, self pollinating.	WA	FS	HF, WF
23	Strawberries Honeoye <i>Fragaria x ananassa honeoye</i>	1'	Tastiest strawberries ever! Sweet as honey, June bearing variety, good for freezing, with a 2 week harvest period.	WD	FS	HF, GC
24	American Elderberry <i>Sambucus canadensis</i>	12'	Large flattened clusters of tiny cream-colored flowers in Summer, fragrant; large clusters of small dark purple berries in late summer.	WA	FS, PS	WF, EC
25	Sargent Crabapple <i>Malus sargentii</i>	15'	Dwarf tree that flowers profusely early Spring with pink to white scented blossoms.	WA	FS	WF
26	Winterberry Holly <i>Olex verticillata</i>	15'	Small white flowers bloom April to July, attractive bright red fruit in late Summer.	WA	FS, PS	WF
A	Arbor Guard	Protects tree trunks from weed trimmers, mower decks and mice. 25% recycled polyethylene wrap around guard expands as the tree grows. Gray tree bark color with ultraviolet inhibitors and will not lose its shape or color hue to sun exposure. Holes in guard are the right size to discourage rodents, yet allow the bark to breathe so rot does not develop.				
B	Bat Box	One brown bat can eat 3,000 to 7,000 mosquitoes a night! Many people think that birds such as the purple martin are the best natural defense against those tiny pests, but they are not! Bats feed when mosquitoes are most active at night. One bat box will hold up to 60 brown bats.				
C	Bluebird Box	Bluebird nesting timetable is from March 15 - June 20. The more nesting boxes you put up the more likely you are to get your NEW YORK STATE BIRD, bluebird, in your yard.				
D	Fertilizer Tablets	Benefits: promotes vigorous growth, easy to use. Just put one tablet in planting hole, put some soil over it and then plant the tree or shrub. Time released slowly over a two year period.				
E	Organic Tree Spikes	Most effective way to deliver organic fertilizer to your trees. These spikes are placed in the soil, where microbes will break them down for fast absorption by feeder roots.				
F	Marking Flags	Mark your planting so you don't mow it over! It also helps to remind you where you planted, so that you can keep weeds from taking over the young tree or shrub.				
G	Rain Gauge	Tru-Check. Wherever accurate knowledge of rainfall is important. Great gift for farmers, homeowners, greens keepers, orchardists, hobbyists, contractors and conservationists.				
H	Tree Shelters	23" height, Package of 5 tree shelters, includes oak stakes, and nets, protects against animal, wind and weeds.
